

DISCHARGE DYEING

Remove colour using bleach to reveal unpredictable and interesting base colours in the fabric and to add pattern or texture.

- 1. Prewash, dry, and iron your fabric.**
- 2. Work on a surface covered with plastic, wear rubber or latex gloves, and keep the area well-ventilated.**
- 3. Smooth your fabric over the plastic and tape in place. Spread Cascades Dishwashing Gel to your stamp in a thin coating, then apply the stamp to your fabric.**
- 4. Repeat application of gel and stamping for the coverage you want.**
- 5. Leave fabric in place until the desired amount of colour is removed.**
- 6. Rinse in warm water to remove gel and stop the bleaching action.**
- 7. Wash well in warm, soapy water, rinse, and dry.**

Note:

You can also apply the gel using paint brushes, toothpicks, combs, etc. for different effects.
